**Loudspeakers
installation /
uninstallation**

Loudspeakers installation / uninstalation

- To install the speakers on the central body, carefully slide the speakers onto the sticks and accompany their descent with your hands, keeping them parallel to the piece of furniture. **Any other method is incorrect and can damage both the speaker and the central body.**
- To uninstal the speakers from the central body, you must only pull the speaker upwards. **Any other gesture can damage both the speaker and the central body.**
- **Do not place weights on the loudspeakers.**
